

TSSEC Final Information - 2019

Travel Time

- Please build in plenty of travel time. The traffic on I-35 is unpredictable.

Parking

- Parking is very limited. Please allow plenty of time to park and find the performance building.
- The UT police will issue citations for illegal parking.

Check-in

- Please arrive at your performance room 20 minutes prior to your performance time.
- Upon arrival at the performance building, please go to the judge's room monitor and confirm that you are present and will perform. This is vital, especially for afternoon events.
- It is essential that the monitor be notified prior to the scheduled performance time.
- If you do not check-in, the monitor will likely assume that you will not be performing.
- There are over 16,000 music students at the contest. It will be a tight performance schedule and sometimes the rooms may run behind the scheduled times.
- Please be patient and don't worry if you don't see your accompanist right at your assigned performance times. The accompanist may be running late from other rooms.
- Please ensure that you and your parents exchange cell phone numbers with your accompanist.

Original Music for Judges

- You will be responsible for having your original score for the judges. Please see me to coordinate this. You must have the original to perform.

I wish you the best of luck for a great performance!
